

MOHIT PATIDAR

B.Tech. - Computer Science & Engineering

Ph: +91- 7470565211

Email: mohitpatidar3522@gmail.com

Indore, Madhya Pradesh, India - 452012

BRIEF SUMMARY

As an aspiring Data Scientist, I am passionate about transforming raw data into meaningful insights that support informed decision-making and innovation. I am building a strong foundation in data analysis, statistics, and programming, while continuously enhancing my understanding of machine learning concepts and data-driven problem solving.

KEY EXPERTISE

Languages and Framework: Python, C/C++.

Libraries : Numpy, Pandas, Matplotlib, Tableau

Development environment: Visual Studio, Anaconda, Cursor .

Data Related: Database Management System, SQL.

Interpersonal Skills: Public Speaking, Good Communication, Problem-solving, Leadership, Design Thinking Skill, Management Soft Skills: Team Collaboration, Critical Thinking, Time Management, Adaptability, Agile Mindset.

Education Detail

Shri Vaishnav Vidyapeeth Vishwavidyalaya (SVVV) - Madhya Pradesh, India

Bachelor of Technology (B.Tech), Computer Science & Engineering

CGPA: 6.8 / 10 | 2023 – 2027

Fame Gurukul academy, Maksi (MP Board)

Class XII (Senior Secondary) – 2022

Percentage: 72%

Fame Gurukul academy, Maksi (MP Board)

Class X (Secondary) – 2020

Percentage: 83%

Projects

House Price Prediction System

Type: Solo

Project Key Skills: Python, Machine Learning, Data Analysis

- Built a machine learning model to predict house prices based on features such as location, area, and property specifications.
- Performed data cleaning, preprocessing, and feature selection to improve model accuracy.
- Applied regression algorithms to analyze price trends and optimize prediction performance.
- Evaluated model performance using appropriate metrics and fine-tuned parameters for better results.
- Strengthened understanding of supervised learning and real-world dataset handling.

QR Code Generation System

Type: Solo

Project Key Skills: Python, QR Code Libraries, Data Handling

- Developed a Python-based system to generate QR codes for text, URLs, and structured data inputs.
- Implemented data validation and preprocessing to ensure accurate and secure QR code encoding.
- Utilized Python libraries to customize QR code size, error correction level, and formatting options.
- Enabled functionality to save QR codes in different image formats for practical usage.
- Strengthened understanding of data encoding techniques, automation, and real-world application development using Python.

CERTIFICATION

Data Analytics Certificate – Deloitte Verified

Completed training in data analytics fundamentals including data wrangling, visualization, Excel, SQL, and business intelligence. Gained hands-on experience with real datasets and practical analytical decision-making.

Python Using AI – Certificate Key Learnings

Gained strong understanding of Python fundamentals including data types, loops, functions, and object-oriented programming. Learned how to integrate AI concepts with Python for building intelligent applications.

IBM Verified Certificate for Design Thinking

Earned IBM Design Thinking Practitioner Certificate; trained in human-centered design, rapid prototyping, and collaborative problem-solving using the Observe–Reflect–Make loop to deliver user-first solutions in agile teams.

PERSONAL INTERESTS / HOBBIES

- Reading ,Traveling , Puzzles and Brain Games

PERSONAL DETAILS

- Gender: Male
- Date of Birth: 24th December 2004
- Languages Known: English, Hindi
- Contact Number: +91 7470565211
- Strengths: Adaptable, Quick Learner, Effective Team Player, Strong Communication Skills
- Current Address: Near Riya gardan, kanadiya road, Bangali square, indore

Declaration

I hereby declare that the information provided above is true and correct to the best of my knowledge and belief. I bear the responsibility for the correctness of the above-mentioned particulars.

Date: 21th February 2026
